Art Prints

Your Cost inc VAT	Price to Parents	Your Profit	Carriage inc VAT
£5.50 each	£7.50 each	£2.00 per sale	£9.50 per order

Each *ArtPrint* comprises of a silk finish enlargement of the child's picture, mounted in a quality ivory mount with blue insert. Backing card and cellophane packaging included. Fits a standard 10 x 12 inch frame

ArtPrints is a great art project which also makes you money. Every sale will raise £2.00 for your school fundraising, chosen charity or perhaps a favourite community project.

The *ArtPrints* project is easily incorporated into lessons and is fully compatible with the Art and Design national curriculum at all key stages. For example, teachers can use the project to develop children's drawing skills either from imagination or direct experience. You might like to use a variety of media to encourage artistic experimentation, or perhaps the children can look at the work of other artists or the art of other cultures for their inspiration. Give us a call if you would like to incorporate ICT skills in the artwork.

Organising Your Order

We provide the drawing frames for your children's artwork. Any number of children of any age can take part, simply let us know how many drawing frames you require.

When all the pictures are prepared, invite the children's parents to order *ArtPrints* featuring their child's artwork. You may like to display the pictures in school and invite parents to view. We will provide a sample *ArtPrint* for display and full colour parents order forms to encourage your sales.

Collect payment for all *ArtPrints* ordered. Fill in the order form you will receive with your drawing frames and send the children's artwork to us along with payment. You keep your profit.

We will normally return your order within 3 weeks of our receipt. During the busy Christmas period we would advise you to allow a little longer.
